## Part 3 - representation of data

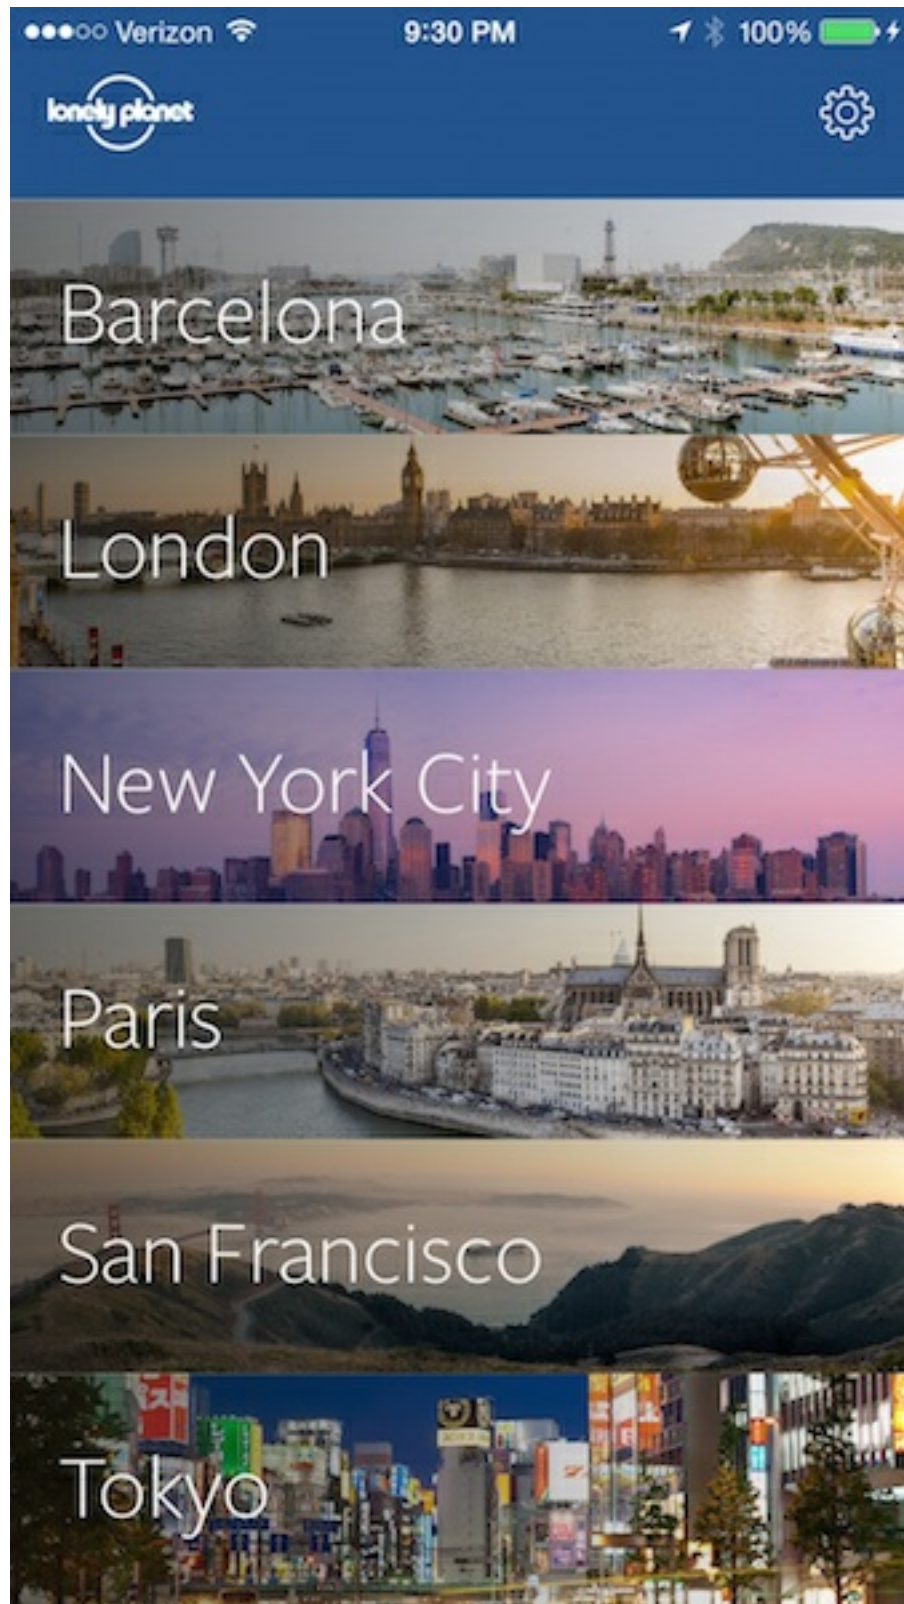

Our third set of images considers the representation of data, including UI designs for libraries, general content screens, and lists of data and information.

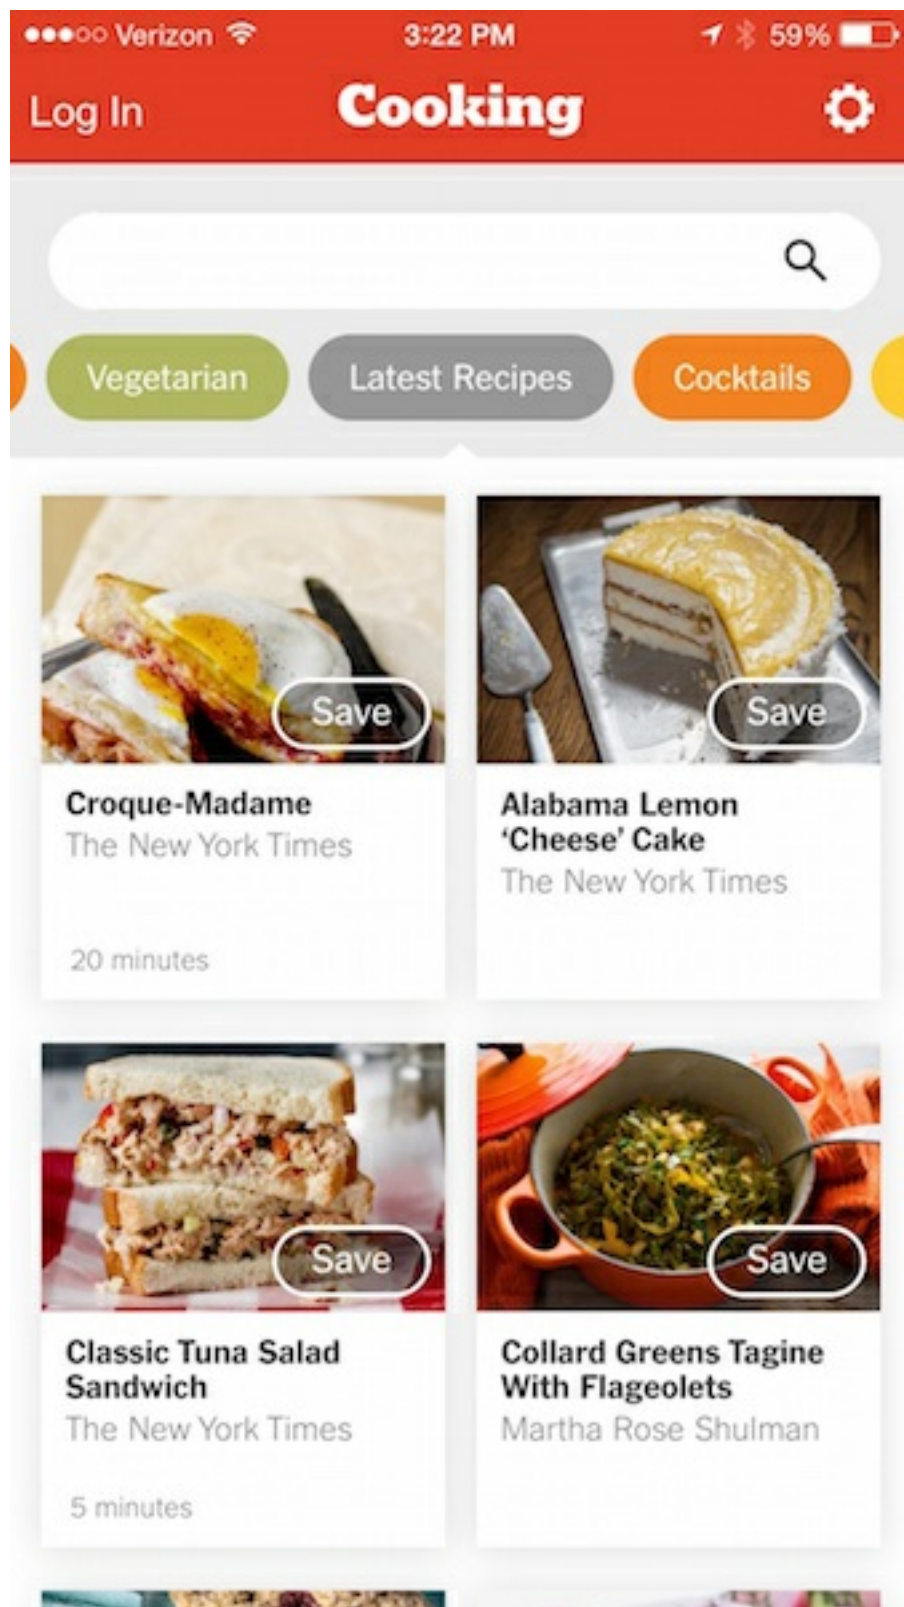

For this week's class discussion on Slack [#discussion-part3](#),

- review each image, and its title
- then comment on
  - data organisation and presentation
  - filter, sort, organise options in the UI
  - interaction options for rendered data
  - options for retrieving additional data in the UI
  - any other relevant comments...

### About this talk

With the same humor and humanity he exuded in An Inconvenient Truth, Al Gore spells out 15 ways that individuals can address climate change immediately, from buying a hybrid to inventing a new, hotter "brand name" for global warming.
